¹ **Fee reductions/adjustments due to program changes related to Covid-19:** Tuition rebates will be issued in the event of extended closure (more than 6 practices) due to Covid-19. We will attempt to make up practices before issuing rebates. Competition and coaches fees may adjust if we are not able to attend the planned number of events. We will attempt to replace all events before issuing rebates. Replacement may be virtual format or may require additional travel for in-person format.

² **Worlds:** Listed price covers tuition, apparel package, routine choreography upgrades, and coaches fees to be paid to GTIL. Additional event registration fees may be due based on bid designation (Paid, At Large) and will be paid directly to the event producer. You may not “opt out” of post season events.

We offer pay-in-full and sibling discounts.

Fundraising opportunities are available.

All team athletes have the option to supplement their program with additional classes at a discounted rate.
